

LASCAS2025

An IEEE CASS Flagship Conference
16th IEEE Latin American Symposium on Circuits and Systems
Bento Gonçalves, Brazil
February 25-28, 2025

iee-lascas.org/

LASCAS is the international symposium and **flagship event of the IEEE Circuits and Systems Society** in Latin America (R9). Its sixteenth edition will take place in Bento Gonçalves, the most traditional wine region in Brazil, close to Porto Alegre. The organizing committee is preparing a very special event, including a nice set of social events.

The symposium will cover technical novelties and tutorial overviews on circuits and systems topics including but not limited to:

- Analog and Digital Circuits
- Mixed-Mode Circuits
- Biomedical Electronics
- Communication/RF Circuits
- Wireless Sensor Networks
- Nanoelectronics
- Electronic Design Automation
- VLSI Systems and Applications
- FPGA Design and Applications
- Circuit Testing
- Fault Tolerant Circuits
- Circuits and Systems for Space and Nuclear Applications

Proceedings will be published by IEEE and will be available at IEEE Xplore. **Best Papers will be invited to a special edition of the IEEE Transactions on Circuits and Systems I and II (TCAS-I and TCAS-II).**

General Chairs:

Alexandra Zimpeck, Cadence, Brazil

Fabián Olivera, CEFET-RJ, Brazil

Program Chairs:

François Rivet, University of Bordeaux, France

Guilherme Corrêa, UFPEL, Brazil

Call for Papers

Paper Submission:	September 6, 2024
Special Session Proposal:	September 6, 2024
Tutorial Submission:	September 6, 2024
Notification of acceptance:	October 25, 2024
Camera-ready:	November 11, 2024
